1. The purpose of the meeting was to discuss intelligence projects and thoughts concerning the Hungarian revolution and, in general, their ~~xxxx~~ effects in EE. Also, to find out whether Klay's personal connection with prominent Hungarians such as Gen. Kiraly could be used for our purposes.

2. Dr. Klay stated his interest in the possibilities of an encyclical study of how and why the Hungarian revolt ~~xxxxx~~ occurred. So far as he knew, no such study was being done at this time. Only very current and superficial articles have been published.

3. Concerning projects, Klay revealed that he had discussed with Klosson the possibility of a paper on how a people could best be rid of its Communist regime. 5. He also revealed that there is now in prospect a scheme to create a Hungarian group which is to represent the last legal Hungarian Government prior to the Communist seizure of power. This will not be a Government-in-Exile but a group envisaged to demonstrate Hungary's situation and demands to the Free World. As of now, Anna Kethly will head this group in Europe and Gen. Kiraly in the USA. Apparently the US Government will give the group, once created, financial and moral support.
